## Chapter 1 by Esme

I crept around the room, choosing to stay in the shadows. everything from boxes to a broken keyboard in the far corner of the room, was covered in a thick layer of dust.

## Chapter 2 by Unkie

I knew we weren't supposed to be there in that office building. After all that cyclone took away more than half of it. Dust & Rubble was everywhere. Debbie, my neighbor and I snuck in when no one was looking. There were computers and monitors broken in pieces along with copy machines. Paper were littered all around the room, or what was left of it. During our search, we found an envelope. I picked it up, it was sealed so I threw it back down on the floor. "Open it up Marsha. Let's see what is in it" "Well ok", so I picked the envelope back up and opened it. Wow. To our amazement it was full of money....\$1000 to be exact.

Do we keep the money and spend it?

OR

Do we turn it in to somebody in charge?
